ICE-T Day 1: Introduction

Amanda Dumi
dumia@duq.edu

September 14, 2017

WHAT ARE WE GOING TO DO?

Make microbial fuel cells!

WHAT ARE WE GOING TO DO?

Learn to program in Python and Mathematica with a Raspberry Pi!

WHY PROGRAM?

Programming allows us to...

- Data collection: automate data collection

WHY PROGRAM?

Programming allows us to...

- Data collection: automate data collection

- Data analysis: find trends in data we would otherwise miss

WHY PROGRAM?

Programming allows us to...

- Data collection: automate data collection

- Data analysis: find trends in data we would otherwise miss

- Data presentation: present our data in beautiful and informative ways

LET'S GET STARTED!

- Put Kano together

- Try out Story Mode

- Try out Terminal Quest
